

# Kansas City

John Sebastian and the J-Band 1999

**12-bar in E, no turnaround, no quick change**

Well, I walked down Main Street, turned down Beale,  
Lookin' for the woman, called Lucille  
Well, she done moved to Kansas City, she done moved to Kansas City  
She done moved baby, honey where they don't 'low you.

Well, my good gal she quit me, she told me today  
She'd meet me down on Beale Street at the Panama Cafe,  
She done moved to Kansas City, she done moved to Kansas City  
She done moved baby, honey where they don't 'low you.

Well, I feel like jumpin', treetop to the ground  
The gal I love, she don't want me around  
She done moved to Kansas City, she done moved to Kansas City  
She done moved baby, honey where they don't 'low you.

[Instrumental]

Well, I wish I was a catfish, swimming in the sea,  
I'd have these wimmins, swimming after me  
Then I'd move to Kansas City, then I'd move to Kansas City  
Then I'd move baby, honey where they don't 'low you.

**(Extra 4 bars I chord)**

Well, I tell you men, I tell you today, never let that woman, hide away

Some old day, you ask her to stay, you look for her, she done gone away,  
She done moved to Kansas City, she done moved to Kansas City  
She done moved baby, honey where they don't 'low you.

She done moved baby, honey where they don't 'low you.
